For support email supportcibhs@cibhs.org.

Overview: Sacramento County Behavioral Health Services will again partner with the California Institute for Behavioral Health Solutions (CIBHS) to provide the Cultural Humility Training Series. This series is a requirement of the DHCS Cultural Competence Plan Requirements. There will be three live (virtual) trainings with an option for staff to watch the recording if not available to attend the live training. This year’s topics will focus on **Advancing Inclusive Dialogue, Somatic Practices to Address Community Trauma, and Culturally Responsive Behavioral Health Care for Asian Asylum Seekers and Refugees**. All trainings will provide a certificate of participation, and we are working towards providing CEs to eligible professionals who attend either the live or recorded trainings.

Attendance: All direct service staff who provide behavioral health services to Sacramento County consumers, their supervisors, and management who oversee clinical operations are required to complete these trainings. **If staff do not attend live training(s), they will be required to watch the recorded training(s) by June 30, 2027.**

SB 923 Requirement: ***Ensuring Trans-inclusive Health Care**, meets a newer state SB 923 training requirements, known as Transgender, Gender Diverse or Intersex Inclusive Care Act which requires Behavioral Health Plans, subcontractors, and downstream contractor staff who are in direct contact with members to complete this training with 45 days of being hired and every two years thereafter. This is a required training for all direct service provider staff, their supervisors, and leadership, as well as any BHS provider staff with direct contact with clients. If you completed the training last year, you have satisfied the state requirement. New staff must watch the recorded training in Learning Cart.

ADA Support: To request interpreters, alternate formats of documents or other accommodations to participate in the trainings, please get in touch with Gail Brosnan at (916) 709-1653 (CA Relay 711) or brosnang@sacounty.gov two weeks prior to the training.
